

# Badly

Jessy Lanza

I do want you badly  
I do want you badly  
I do want you

There's no one that loves me like you do  
There's no one I treat so bad  
Oh you're just a little one  
I couldn't take your love for granted  
I wanna be good baby

I do want you badly  
Mm  
You know I do daddy  
I do want you badly  
Mm  
You know I do daddy

Being sad is not a crime to you  
I'll just stay in bed today  
Get away with acting like a fool  
When it comes down to it  
It's all the same, oh no no no

I do want you badly  
Mm  
You know I do daddy  
I do want you badly  
Mm  
You know I do daddy

Love me like it's all that you could do  
Ask me why I get so mad  
Get away with anything I choose  
When it comes down to it it's all the same  
Baby

I do want you badly  
Mm  
You know I do daddy  
I do want you badly  
Mm  
You know I do daddy
