

# Never Enough

Jessy Lanza

Got a feeling, for you  
Baby it's all I got, yeah  
[?], but it could do  
Baby it's on the top

It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough for you  
Baby you know I give it all, hey

[?], so low  
Known it all along, yeah yeah  
Save that, Baby I don't feel like holding back

It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough for you  
Baby you know I give it all, hey

Hey babe  
Hey baby  
(I'm gonna bring you down)  
Baby  
Baby

Say you like it, but you don't know  
Give it a little time, yeah yeah  
It's the same thing, yeah it's so so  
I like you better when you don't do that

It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough  
It's not enough  
It's not enough  
It's not enough  
It's not enough for you  
Baby you know I give it all, hey

It could mean  
Talk about it  
Baby, I (Doubt baby)

I make believe  
All about it  
To put me out, out

Got a feeling, for you  
Baby it's all I got, yeah  
[?], but it could do  
Baby it's on the top, yeah

It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough  
It's not enough  
It's not enough  
It's not enough  
It's not enough for you  
Baby you know I give it all, hey  
It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough  
It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough  
It's not enough  
It's not enough  
It's not enough  
It's not enough  
It's never enough  
Never enough  
Never enough  
Never enough  
It's not enough for you  
Baby you know I give it all, hey  
(Not enough, never enough)
