

# The Great Leveller

Jesu

There's no meaning  
You just follow (your) heart  
Where there's meaning  
It's only there with the stars  
You will show me  
The path that never ends  
(and) why I lose my way  
On the path that never ends  
There's no meaning  
Where there's meaning  
You will show me  
Just why I lose my way
