

## Father Of Lights

Jesus Culture

Like a flame, love burned in Your eyes  
Driving You to pay the greatest price  
You bought my life, so I could be a light  
Reflecting You, reflecting love

Everything good comes from You  
Father of Lights  
Your love will always pierce  
Through the darkest night

Love has a voice, love has a name  
Jesus, Jesus  
Your love is a light, filling my eyes  
Jesus, Jesus

You bore the weight of death upon Your heart  
And Your last breath tore the veil apart  
You made a way for me to walk in grace  
So I could love you, face to face

I will never be the same  
Love has called my name  
From the ashes, I rise to proclaim  
Your love is undefeated  
Forever You will reign  
Justice has won again
