

Reach Out

Jesus On Extasy

We had to part
There was no way to keep you here
We had to part
There was no way to keep you here by me
I fall from grace, from love, to life
I crawl, reach out for you and die.

We had to part
There was no way to keep you here
We had to part
There was no way to keep you here by me
I fall from grace, from love, to life
I crawl, reach out for you and die.

We had to part
There was no way to keep you here
We had to part
There was no way to keep you here by me
I fall from grace, from love, to life
I crawl, reach out for you and die
