

I don't have the strength in me  
To hear a word you say  
Your intentions start to show  
Boiling internally

It's in one ear  
Out the other  
I ain't hearin' it  
Keep your mouth shut

Save your breath  
Don't waste both of our time  
Yeah, I hear what you're sayin'  
But it doesn't mean shit to me

Save your breath  
Don't waste our time  
Yeah, I hear what you're sayin'  
But it never meant shit

You don't like what you're hearin'  
Fuck the bullshit  
They don't like how you're livin'  
Fuck the bullshit  
Won't let you be you  
Fuck the bullshit  
Tell it right to 'em  
Fuck the bullshit

Fuck that bullshit  
I ain't hearing it  
If it ain't real  
Save for someone  
Save for someone  
Save for someone  
Save for someone  
Save for someone else
