

## Sailor

Jethro Tull

When The Holy film director decides to take a look,  
refuses to the pages of his holy book,  
sends the warm rain falling from the sky,  
If you've never been a sailor better try,  
If you've never been a sailor better try.  
If you've never been a sailor better try.  
If you've never been a sailor better try.  
If you've never been a sailor better try.  
If you've never been a sailor better try.  
If you've never been a sailor better try.  
If you've never been a sailor better try.  
If you've never been a sailor you'd better try.....
