## **Slow Marching Band**

**Jethro Tull** 

Would you join a slow marching band? And take pleasure in your leaving as the ferry sails and tears are dried and cows come home at evening.

Could you get behind a slow marching band? And join together in the passing of all we shared through yesterdays in sorrows neverlasting.

Take a hand and take a bow. You played for me; that's all for now, oh, and never mind the words: just hum along and keep on going.

Walk on slowly don't look behind you. Don't say goodbye, love. I won't remind you.

Dream of me as the nights draw cold still marking time through Winter. You paid the piper and called the tune and you marched the band away.

Take a hand and take a bow. You played for me; that's all for now, oh, and never mind the words: just hum along and keep on going.

Walk on slowly don't look behind you.

Don't say goodbye, love. I won't remind you.

Walk on slowly don't look behind you.

Don't say goodbye, love. I won't remind you.
