

# No Fire

Jetta

No fire  
No love  
No fire  
No fun  
No fire  
No rush  
No fire  
No, no

I'm so fed up of being down about everything all the time  
I'm so sick now of being tired  
I need something to make me alive  
Just something to make me alive  
Oh, gimme something to make me alive  
Just something to make me alive  
Make me alive

No fire  
No love  
At all  
(I've been waiting)  
No fire  
No love  
At all  
(I've been waiting)

No fire  
No love  
No fire  
No fun  
No fire  
No rush  
No fire  
No, no

And I've fallen in the dark sometimes  
But new sky is the limit  
It's all about the high  
I need something to make me alive  
Just something to make me alive  
Gimme something to make me alive  
Just something to make me alive  
Make me alive

No fire  
No love  
At all  
(I've been waiting)  
No fire  
No love  
At all  
(I've been waiting)

No fire  
No love  
No fire  
No fun

No fire  
No rush  
No fire  
No, no

We stay up  
We stay up  
Yes I do  
We stay up  
We stay up  
We stay up  
We stay up

We stay up  
We stay up  
Yes I do  
We stay up  
We stay up  
We stay up  
We stay up

No fire  
No love  
No fire  
No fun  
No fire  
No rush  
No fire  
No, no
