

Start a Riot

Jetta

Freeze in the fire
Feeding the lions roar
Breathe in the silence
And we bring it alive
Oooh

Stealing the dark
Erasing the shadows
We're leading the stars
Seeing with our eyes closed

My heart aches
My heart aches
My heart aches
When I think of you

And my heartache
My heartache
My heartache
Then I think of you

2x
(And we could)
Run away with it
Runaway with me
Runaway start a riot

Making a vow
You're tasting the tonic cold
Bitter without
Breaking a promise ohh

My heart aches
My heart aches
My heart aches
When I think of you

And my heartache
My heartache
My heartache
Then I think of you

2x
(And we could)
Run away with it
Runaway with me
Runaway start a riot

But it's alright
Let it burn off
Yeah it's alright
Let it all go

My heart aches
My heart aches
My heart aches
When I think of you

And my heartache
My heartache
My heartache
Then I think of you

2x
(And we could)
Run away with it
Runaway with me
Runaway start a riot

Runaway with me x2
Runaway start a riot

Runaway with me x2
Runaway start a riot
