

# sticky icky

Jetta

It's a sticky icky messed up situation  
It's not pretty, you see, no no I'm not playing  
Oh it's tricky, you see, no no I'm not faking  
Kinda dizzy, spinning, trying to explain it

What do I do? What do I do?  
I get here and I'm stuck like glue  
What do I do? What do I do?  
I get here and I'm stuck like glue  
What do I do? What do I do?  
I get here and I'm stuck like glue  
What do I do? What do I do?  
I get here and I'm stuck like glue

Ha ha, it's so sticky

One-way ticket underground  
Body like a train that's breaking down  
Don't know which way to go  
Yeah I can find a way around  
No no not here, somewhere that's safe and sound  
It feels like a disease that's on my mind

What do I do? What do I do?  
I get here and I'm stuck like glue  
What do I do? What do I do?  
I get here and I'm stuck like glue  
What do I do? What do I do?  
I get here and I'm stuck like glue  
What do I do? What do I do?  
I get here and I'm stuck like glue

Like glue, it's stuck to me like glue  
What can I do? It's stuck to me like glue  
Like glue, when it's stuck to me like glue  
What can I do? It's stuck to me like glue

I'm in deep murky water  
Deep deep murky water  
I'm in deep murky water  
Deep deep murky water  
I'm in deep murky water  
Deep deep murky water  
I'm in deep murky water  
Deep deep murky water

I'm in deep murky water  
Deep deep murky water  
I'm in deep murky water  
Deep deep murky water  
I'm in deep murky water  
Deep deep murky water  
I'm in deep murky water  
Deep deep murky water
