

# Take It Easy

Jetta

Crash fast, body high jump  
Falling like an airplane  
Full speed is more than enough  
Slow it down, no I don't fall

You lie awake  
And I can't sleep there  
Storms pass though we couldn't see that

On the way up  
We forgot to slow down  
Take it easy, take it easy  
Too high, high  
If we take it too high  
I'll be losing you  
I could lose me too

Black sky, keeping it light  
All the time you stay away  
Cold here, it's never enough  
Cooling down til we're done for

You lie awake  
And I can't sleep there  
Cry, laugh, no we couldn't keep that

Tell me you want the same thing, let's make it easy  
Go on, give it all you've got  
Living on the same time, we need to take it slowly  
And go and give it all you've got

On the way up  
We forgot to slow down  
Take it easy, take it easy  
Too high, high  
If we take it too high  
I'll be losing you  
I could lose me too

On the way up  
We forgot to slow down  
Take it easy, take it easy  
Too high, high  
If we take it too high  
I'll be losing you  
I could lose me too
