

Zoo

Jetta

If this self centred then I wanna be sitting here
Red traffic lights turning blue
I'm doing the impossible too
I'll free the animals from the zoo
And I'm holding time like an hourglass
Falling through, I don't wanna turn back
Keep the wolves at bay and my secrets safe

I know I've got to find a way
But I'll be back, yeah I'll be back
Got to find a way
I know I've got to find a way
But I'll be back, yeah I'll be back
Got to find a...

Flying sky high, all my memories disappear
Catch the world in my rearview
Going faster than a bullet-train moves
My eyes wide closed as I go
And my mind is running like a motion capture
Inside it I'm loving every fracture
Gotta stay awake and feel these fears away

I know I've got to find a way
But I'll be back, yeah I'll be back
Got to find a way
I know I've got to find a way
But I'll be back, yeah I'll be back
Got to find a...

I just don't know what to do
Bury my head in the sand
Till I no longer think about you (about you)
I just don't know what to do
Keeping my head in my heads
Till I no longer think about you (about you)

I know I've got to find a way
But I'll be back, yeah I'll be back
Got to find a way
I know I've got to find a way
But I'll be back, yeah I'll be back
Got to find a...
