

## Only Shadows

Jewel

Think there's a monster in your closet  
Even if you lock it  
Think you can't stop it  
No matter how hard you try

Well listen here sleepy head  
Close your eyes and go to bed  
With good thoughts in your head  
Tell you why it's gonna be alright

They're only shadows  
They're only shadows  
They're only shadows  
In the night

You walk down the street  
A creepy feeling starts to creep  
And suddenly you feel your feet  
Moving faster til they fly

You look all around  
You look up and you look down  
But still there's nothing you have found  
And I will tell you why

There are lots of things that may go bump in the night  
But if you use your brain you will be alright  
That scary noise is just the faucet dripping  
And the thump thump thump is the dog's tail wagging  
The thing you saw out of the corner of your eye  
Was just a shadow in the night

You can't have shadows without the light  
No hello without goodbye  
No laughter 'til you cried  
That's just part of life  
The great compromise  
You are truly wise  
If you see with your own eyes
