

Sing On

Jewel

Breathe
Close your eyes, imagine
A new day
Full of blue skies instead of clouds so gray

Breathe
Set your worries down
It's time to live in the way
Time to have the courage
to make a change

Take back tomorrow
And live to sing another day

Sing on
Let love be the flag you fly
Sing on
Let joy be your battle cry
Be strong
Live long
Sing on

Breathe
Come together
Let everybody know
That no one is ever really alone

Breathe
Drop a stone in the water
Watch the circle ripple out
Now become the difference everyone is talking about

Reclaim tomorrow
And live to sing another day

Sing on
Let love be the flag you fly
Sing on
Let joy be your battle cry
Be strong
Live long
Sing on

Be strong
Live long
Sing on

Sing on
