

# Nice Day

Jež Dior

Please take me home, please take me away  
Please make me safe, please save our love  
My saving grace  
My comfort place  
My only chance, my only sun  
It's been dark for so long  
My lost friend, the only thing that can save me is a song  
I've been dumb, I act young  
I act free when actually  
It hurts you  
I'm so sorry, I'm so selfish, so untrue  
I swear I'm changing  
Come summer I'll be shining  
I know I've got the worst timing  
This time I'm really not lying  
Please believe me baby, I'm trying

I don't want to end this right here  
Maybe you can spend the night dear  
Please don't let this vibe disappear  
You make me feel alive it's so clear  
Stay here because I need you now  
And it's so clear, that I breathe you  
It's a nice day for a white wedding  
It's a nice, nice day  
It's a nice day for a white, white wedding  
It's a nice, nice day

I know you've seen my potential, Baby you see it all  
But I know that you're scared, I'll be the reason that you fall  
Fall down, who you gonna call now?  
Put him right here to pick you up and ball out  
One time for the city that raised me  
One time for this girl, loved crazy  
Oh baby, my lady  
Sun out and we act lazy  
By the pool in the summer when it come (yeah)  
One time for the place that plays me  
What a place to be in when we young still  
Rooftop party, shit is so unreal  
Looking over the edge with you, before I get in bed with you (It's all love)

I don't want to end this right here  
Maybe you can spend the night dear  
Please don't let this vibe disappear  
You make me feel alive it's so clear  
Stay here because I need you now  
And it's so clear, that I breathe you  
It's a nice day for a white wedding  
It's a nice, nice day  
It's a nice day for a white, white wedding  
It's a nice, nice day
