

## PIN-EYE

Jhariah

... 2, 3, 4!

Gone blind, got a pin in my eye  
Six stories of how it got there  
Tried ice, now I'm sick of the night  
Yeah these stars got me feeling nauseous  
What the hell are you looking at  
Thinking that you're so much better than me?  
Keep staring no  
I swear I dare ya'  
Just might give you something to see  
Baby I was born an Effigy

Oh why do I beg my legs to take me  
Much farther than they were meant to?  
I want too much  
I never listen when my body says it's had enough

Good enough might be good enough for those other kids  
Don't you stomach it  
Put your excuses and your knots  
Inside a million dollar box

When you come to, you'll see it's more than worth the  
Years you think you lost

And there's pins in my nerves  
One more for each time I try  
To outdo, like my job's to astound you  
I guess I've got to deliver  
Fall to pieces  
Look for reasons  
Pray to Jesus  
I wish I could just go back in time to tell you I need help

Oh why do I beg my legs to take me  
Much farther than they were meant to?  
I plead in vain these bleeding hands might reach for you  
Oh why do I beg my legs to take me  
Much farther than they were meant to?  
I want too much  
I never listen when my body says it's had enough

You don't have to pray for strength again my friend  
I cry much more these days for you  
Cause how the hell could a kid even know to  
Godspeed it'll all catch up to you

Oh why do I beg my legs to take me  
Much farther than they were meant to  
I plead in vain these bleeding hands might reach for you

Oh why do I beg my legs to take me  
Much farther than they were meant to?  
I want too much  
I never listen  
My body says it's had enough

(Oh why do I beg my legs to take me)  
My legs to take me  
(Much farther than they were meant to)

They were meant to  
I want I want I want I want  
I all  
(In your eyes)  
Oh why do I beg my legs to take me  
Much farther than they were meant to?  
(I just wanted you to know I've given everything)
