

## Bad Trip

Jhené Aiko

I'm having an awful time  
You said you would get me high  
But you took me out of my mind  
Way down to the other side  
Bad trip  
On a bad trip  
On a bad trip  
On a bad trip

Like a child in a womb, with no room to grow  
In a world I didn't know, I'm confused and cold  
Oh no  
Now you show me all the things I could never see

In a new reality I cannot believe, not believe  
Bad trip

(I thought you loved me)  
(Someone get me some help)  
(You would tell me you love me)  
(You're a liar, you're a liar, I hate you, I hat you)  
(Oh my God, oh my God, oh my God)  
(Where am I?)  
(Just calm down)  
(Don't touch me)
