

Break

Jhené Aiko

Ahem

Come to me in my dreams
You're haunting me with your sweet lies
Confronting all my worries and fears
Waking up, you're still not here (Uh, uh, uh)

I can't escape the heartbreak, break, break
I can't explain the way I've been made to feel
It's an immeasurable pain, pain, pain
And I'm not even sure any of it's real

Take your space, take your sweet time
Make me wait, make up your mind
If it's fate, if it's in our design
I'll be yours and you'll be mine, uh (Mine, mine)

I can't escape the heartbreak, break, break
I can't explain the way I've been made to feel
It's an immeasurable pain, pain, pain
And I'm not even sure any of it's real

Like, were you ever here? Or did I hallucinate?
Fifty first dates of riding shotgun, top down on PCH
I might as well have, since you're not here now
Whatever happened (Whatever happened)
Gotta get past it

And I, I gotta take a heartbreak, break, break
I gotta change the way that I've been made to feel
It's an inevitable pain, pain, pain, pain, pain
And I can't even explain the way I feel, uh

Ba-ba-da-ba-ba-ba-da, ayy
Ba-pi-da-ba-ba-duh-da-da-da-da
Ba-da-ba-da-ba-da-da-da-da, uh
I gotta take a heartbreak, uh
I gotta make my heart break
