

How you like it up there?  
What's your view from there?  
I bet it's so cool to jet across the moon  
That's how I picture you in my head  
Can't get outta my bed  
Ever since you had left  
Don't got nothin' left  
Walkin' 'round half dead, still  
Have faith, have faith  
We were halfway to Hana  
We did some shrooms and we smoked marijuana  
Came all this way to escape all our problems

Came all this way just to break every promise  
And do  
Everything you said I shouldn't do  
But those things bring me closer to you, yeah

So the other night, I  
Took a tiny piece of paper and put it under my tongue  
This white guy said it'd be fun, and it was, but  
What I saw  
Oh my God  
Oh my God
