

Maniac

Jhené Aiko

Hop on the dick like a maniac
Head like a brainiac
Gotta read the sign like a zodiac
I'm a lowkey freak, you don't know me yet?
Good head, got a little bite to it
Little booty, got a little bounce to it
We could go all damn night to it
Wife that, gon' throw rice to it

Oh I, oh I don't wait too long
Oh his dick is way too long
I think I take it all
Oh why? Oh why you acting scared?
Pull that pull up like a chair
Know you see me over here

Have you ever f**ked with a maniac, maniac?
You just made love to a maniac, maniac

I must, I must, I must, I
Must admit I'm in love with your sex
Every single day, baby give me your best
Every single day, you be gettin' this neck
I be gettin' no rest, just took two breaths (ahh, ahh)
Need a vacay
Nigga shot more rounds than a AK
Goin' 'round 'round 'round like an AA
Got me showin' up late for the late late

Oh I, oh I don't wait too long

Oh his dick is way too long

I think I take it all

Oh why? Oh why you acting scared?

Pull that pull up like a chair

Know you see me over here

Have you ever f**ked with a maniac, maniac?

You just made love to a maniac, maniac

Do you wanna f**k with a maniac?

With a maniac (yeah, yeah, yeah, yeah)

Make you fall in love with a maniac (with a maniac)

I stay up all night for ya, I'm trooper

Call in a request, I pick up, pull up quick as Uber

Anywhere, everywhere, you turn me to addict

If you love me like you say you do then get it tatted

Do you, do you, do you, I know how to do you

Flip me over then maneuver

As long as a ruler, you the ruler

Don't tell nobody else, that's the rule, yeah

Ass in the air, feet in the air

Weed in the air, we in the air, me and you stare

Night shift take the stress away

Then the second round take the rest away

Have you ever f**ked with a maniac, maniac?

(Have you ever... loved with a maniac, baby)

You just made love to a maniac, maniac

(You just made love to a maniac)

Do you wanna f**k with a maniac?

(Do you wanna... f**k with a... maniac, maniac)

Make you fall in love with a maniac, maniac

(Make you fall in love)

You just f**ked around

You just f**ked around

You just f**ked around

With a maniac, ma-ma-maniac

How you like me now?

How you like me now?

How you like me now?

I'm a maniac

I'm a mothaf**kin' maniac

Yeah, yeah, yeah, yeah, yeah

Who love this pussy? You love this pussy

Who love this pussy? You love this pussy

I know that you like it, I know

I know, I know

I know, I know

I know, I know
