

# Spotless Mind

Jhené Aiko

Change is inevitable  
Why hold on to what you have to let go of?  
Like, did I really break your heart?  
Was it all my fault?  
If you don't knock it off  
You know like I know where this was headed

I'm a wanderer  
I'm a wanderer, baby  
I'm a wanderer  
I'm a wanderer

Lani Kai was nice  
Turquoise seas and ocean breezes  
Loving you was nice  
But it's a new day, a new season  
I've been sad inside  
And he could see it, picked up your pieces  
We are just alive  
And alright, alright, alright

He's a wanderer  
He's a wanderer, baby  
He's a wanderer  
He's a wanderer

I started as a love song  
24 years in the making  
Moving from place to place  
And I never really settled down  
Without a place to call home  
I got so used to the changes  
Moving from stranger to strangest  
You should face it  
I am crazy

I'm a wanderer  
I'm a wanderer, baby  
I'm a wanderer  
I'm a wanderer

Shame on me for changing  
No, No, No,  
Shame on you for staying the same

Shame on me for changing  
Shame on you for staying the same

I'm a wanderer  
I'm a wanderer, baby  
I'm a wanderer  
I'm a wanderer

[Outro]  
Maybe I'm just a wanderer  
Maybe I'm just a wanderer
