

Sun/Son

Jhené Aiko

Sun son, sun son, sun son, sun son, sun son
Sun son, sun son, sun son, sun son, sun son
Sun son, sun son, sun son, sun son, sun son

There's no more cloudy days
Even when there's no light out
I feel your warm embrace
You love me with passion
When I'm at a raise, you're like the anchor
And I am so glad you came
Just right when I needed savin', oh-oh

Waited awhile, don't know where you was (Where you was)
I prayed out loud and then there you were
Made for the veil, you're the way, the one (Way, the one)
No doubt about it, you charge me up, you charge me up (Sun son,
sun son)
My solar power, I'm so in love (Sun son, sun son)
You charge me up, you charge me up (Sun son, sun son)
My solar power, I'm so in love (Sun son, sun son)

Shine on me, so I can be everything I am
Lay your lead, you're takin' me to the promised land
Cherish the days (Cherish the days), God bless the child
Your momma's soul, and your daddy's style
Wouldn't you know, isn't it it wild
Your momma's eyes, and your daddy's smile

Waited awhile, don't know where you was (Where you was)
I prayed out loud and then there you were
Face to the clouds like a ray of love (Ray of love)
No doubt about it, you charge me up, you charge me up (Sun son,
sun son)
My solar power, I'm so in love (Sun son, sun son)
You charge me up, you charge me up (Sun son, sun son)
My solar power, I'm so in love (Sun son, sun son)

Sun son, sun son, sun son, sun son, sun son
Sun son, sun son, sun son, sun son, sun son
Sun son, sun son, sun son, sun son, sun son
