

Surrender

Jhené Aiko

This is how Heaven sounds at night
Take a vow to be down for life
Got you right in the candle light
Blow it out, how I blow your mind

Going, slowly
Floating, towards me
Don't ever ignore me
You'll be sorry, yeah, yeah

Surrender
Render yourself to me
Oh yeah, oh yeah
Surrender
Render yourself to me
Oh yeah, oh yeah

Met you at the edge of my mind
Hanging by a threatened life line
Just when you had asked for closure
That is when the signs got closer
Exit 405 to Sepulveda
Come to the Westside, I will show you love
It is only right if you open up
Tryna take your mind over
I'm a boss bitch, how you don't fuck with me?
Know what it is, you know these bitches just can't fuck with me
I write all my shit, you know I'm all about my publishing
I take my time with it, ain't no rushing me, yeah

Going, slowly
Floating, towards me
Don't ever ignore me
You'll be sorry, yeah, yeah

Surrender
Render yourself to me
Render yourself to me
Surrender
Render yourself to me, yeah
Render yourself to me

I'm a boss bitch, how you don't fuck with me?
I'm a-I'm a boss bitch, how you don't fuck with me-fuck-fuck with me?
I'm a boss bitch, how you don't fuck with me?
I take my time with it, ain't no rushing me-rushing me
I'm a boss bitch, how you don't fuck with me?
I'm a-I'm a-I'm a boss bitch, how you don't fuck with me-fuck-fuck with me?
I'm a boss bitch, how you don't fuck with me?
I-I-I take my time with it, ain't no rushing me-no rushing me

Surrender
Render yourself to me
Ayy, yeah

Surrender to quantum consciousness
Which gave us all that we be

Can't you see?
And it is all, all for free
Your soul, your mind, your heart, your body
Your potentiality, your actuality
Your spirituality, your reality
We get it all for free
So why can't we give it all back, easily?
Surrender
