

Wading

Jhené Aiko

Picture me rolling
Out in the open, baby I know
That you would notice
You have been hoping I wouldn't go

Should I be wading?
Should I be wading for you?
Don't keep me waiting
I will turn blue

Picture me rolling
Out in the open
With some other man I know
Thought you would notice
And you were hoping
Feelings wouldn't start to grow

All of the wading
All I was, wading
Wading for you
I have been waiting
I will be waiting
Till I turn blue

I am not perfect
I would never let
You think I was more than this
As good as it gets
I'll have one regret
You're something I cannot miss

I will be wading
I will be wading
For you
I will be waiting
I will be waiting
Till I turn blue

I am not perfect
I would never let
You think I was more than this
As good as it gets
I'll have one regret
You're something I cannot miss

I will be wading
I will be wading
Wading for you
I will be waiting
I will be waiting
Till I turn blue

Till I, Till I, Till I...

And I will do it, I'll do it
I'll prove it, I've proved it
I've proven my love

Baby don't do it don't it
Don't ruin what you went and you did
My love

And I will do it, I'll do it
I'll prove it, I've proved it
I've proven my love

Baby don't do it don't it
Don't ruin what you went and you did
My love
