

# When We Love

Jhené Aiko

You're mine and I like it, yeah  
You're fine, but besides that eyes  
I see through to your heart  
You lie, I don't mind it  
That's just the kind of guy that you are

Tell me anything, everything, whatever, I wanna hear  
It's the sweet little nothings that's all I need to keep me here  
If you want me like you say you want me  
Then you'll do whatever, yeah  
Love me like you say you love me  
We'll be down forever

Aye, aye, aye, aye, aye  
Aye, aye, aye, aye, aye  
Aye, aye, aye, aye, aye  
Aye, aye, aye, aye, aye

Don't lose me, don't lose me, oh  
Don't choose me then use me  
Just stay right beside me, oh  
Don't you dare deny my love

Tell me anything, everything, whatever, I wanna hear  
It's the sweet little nothings that's all I need to keep me here  
If you want me like you say you want me  
Then you'll do whatever  
Love me like you say you love me

Then we'll be forever, oh oh ah, yeah

Aye, aye, aye, aye, aye  
Aye, aye, aye, aye, aye  
Aye, aye, aye, aye, aye

And I never knew  
Never knew a love so good  
Never knew  
Never knew a love so good  
Never knew, never knew, never knew a love so good  
And I never knew, never knew  
Never knew a love so good  
Never knew  
Never knew a love so good  
Never knew  
Never knew a love so good  
Never knew  
Never knew a love so good  
Never knew  
Never knew a love so  
Good, oh

Aye, he he, he he, he he  
Aye, aye, aye, aye, aye, aye  
Aye, aye

What's wrong

Dont hurt me okay?  
Man, chill, look, you ain't got nothing to worry 'bout alright?
