JID

Niggas and negros, y'all and all better get right  
At this time, while the time is good  
'Cause it might not be no next time

Natty dreadlock-ness monster, smokin' ganja (Cole)  
Money dance, hop in the vans, we will sponsor (You stupid)  
Gun in hand, I ain't threatin' it, 'cause it's a promise  
Gonna plan, you ain't takin' nothin' I've accomplished  
Come in, step outside, it's all violence  
I should resurrect Abe and get slavery abolished  
I scribble the page, Cole got the Ableton knockin'  
I'm feelin' a way, you get in the way, I'm feelin' a wave of bl  
ockin'  
Niggas knockin', and I know the block is watchin'  
You a prophet, or you only out for profit  
Runnin' fades, sippin' water out the faucet my adolescent days  
But out of penny, out of pocket, out of circuit, out of socket  
My plugs speakin' a language of drugs, it's jaw droppin'  
Lock in, got me feelin' like Pac, and it's the apocalypse  
And I don't politic with the policies of the parliament  
Pardon JID, part of my niggas comin' from all sides  
Place your top five in the archive  
Besides all of the rap guys findin' another rapper dick to ride  
Bunch of sperm bank workers and y'all been drinkin' on the job  
Oh God, try offer him tides for a peace of mind  
But now I gotta grab my piece 'fore a nigga try leave with a pi  
ece of mine, uh  
I got the blinds up, mindin' my business, 'cause I ain't got th  
e time  
Mindin' my business, I got a business mind  
Monitor how that clock tickin', I'm tryna monetize  
Sex and medicine, the dollar signs  
Tyin' up all the loose ends, crossin' my Ts, dottin' my Is  
Play with me or mine, dye on his tee, Comme des Garçons  
He flee-flyin', Fred VanVleet, that .223 flyin'  
Throw a peace sign with the pinky, now it's the eastside  
It's Mr. Fee-fi-fo-fumblin' through the green guys  
A rapper reach out, it's a hundred thousand to feature to kick  
a freestyle (Shit)  
Off of the dome, I'm walkin' alone  
Hearin' so many niggas talk of the throne  
I never been a part of the wave with followin' flows  
I could say I'm better than- hmm, but you already know (Shit, l  
ook)  
You ready? Get set for the show
