

J.I.D

D-D-D...Damn

Said I'm back again to whoop ass

The blicka-blast from the ratchet, man

The maddest black as lad in a savage land of grab and dash and crash in your daddy's van

D-D-D, D-D-D

Bad as the most have-inist, most swaggiest, braggy as never had anything

So I'm acting as if I never had shit

I was moving backwards, I coulda hit a backflip, check this

I ain't never hustled for a necklace

Tryna get the fam straight, get us out of debt shit

That shit get testy

I feel Dizzie Gillespie in a room packed, me call, is he? I'm precious

Out the womb, I was last, I'm the youngest of 7

Birthday same day as the reverend

Birthday same day as the devil

Black lock like the pot and a kettle

Wreck shop, a monotonous fellow

Lick a shot for my niggas tryna stop the journey

JID pull up on a opp like what's poppin' kermie

Blocka Blocka, operate, doctor, surgery, IVs, gurneys, shit bag, gone for eternity, hey

More the merrier, more to come murder me, hey

Close the casket, common the courtesy, hey

Head shots, too personal for a burglary, ooh

Red dots cause killers could close curtains me

I done did wrong, someone send me up vertically

Horizontally, read me a passage from Deuteronomy

Anything you can do to conquer the demon inside of me

Inner meaning the truth and the father, the spirit guided me

I can bleed in the booth and leave a tooth as a souvenir for who was here and if you hearing it

You know the spirit is imperitive, imperative, imperial

Black man pyramid, the peer of men, jack man with the gat

Scratching off the serial

Sack man, get the pack

Money in the envelope

Pissing down the urinal

Ass man in the strip club, tell em bend it over

Gon give it to her, she been working for it, hey

You gon make a nigga cop a burger for ya, hey

You the bomb, look I got a turban for ya, bae

Beat a nigga til he color purple for ya, babe

Imma murder for you, babe

730 for ya, ay

Swervin', swervin', swervin'

Workin', workin', workin', workin'

Swervin', swervin', swervin'

Skrttin', skrttin', skrttin'

Servin', servin', servin'

Everything I done, it comes full circle

Workin', workin', workin', workin'
