Uh, uh, and uh
As I lay myself to sleep
I pray the lord my soul to keep
The pressure makes me, the journey takes me
To places where history can't stop or break me
You know it rains for something
You know the pain's for something
I hope a change is coming
Just keep on swinging on

Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on

Uh, keep on swanging lil sis
Keep swanging lil bro
I'm bout to swang on
Payne because he said my sister hoe
Gettin' high from Swisher Sweets
Chariots are swinging low
Swastikas and the police, hang a nigga swing your rope
Peewee tried to swing on me
But I was with like 50 folks, and he ain't know
But what was worse, I ain't even want no beef with bro
We was toted, we was soldiers,
We was soulless, we was sold
They sayin' somethin' bout his set
Nigga that's who he swangin' for
Swear you bitches don't know shit
About or stress, about our woes
And my obsession with success
By definition of my own
Sure as death is waiting on our flesh and bones
Demon callin' my spirit had to click the phone
Couldn't get to Courtney quick enough give her one big hug
Told her "You like strongest woman on the fuckin' globe"
I watched my momma lose her momma
Go through drama and trauma but had to keep her head high
So we don't fuckin' know

I'm getting' older so when the world's feelin' enormous on your back
And on your arms, and your feet just as heavy you been draggin' through the
storm
Starin' at this city but you trapped inside this hole
Get your back up off the wall
Keep swangin' on

Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on
Swang on, swang on

Hello?
