

# No Boo

JID

Why'd I take you to Nobu just to hear 'bout your old boo?  
Boy, I'm not the shoulder to cry on  
This ain't the hill that I'm about to die on  
Baby, you can cry alone  
'Cause all that drama sound like it's a you problem  
Need a therapist that has to go solve it  
Instead of cold-callin'  
Who you think is home right now?  
'Cause I'm not one of them, na-na

Uh, now, with all due respect, ma  
But I'm not the one who sent the text now, look  
I'm not the only one who's talkin' 'bout their ex now, love  
I got a stain, I've tried abstainin' from the sex, I bust  
Pushin' your buttons, no keys, she might just lease me the pussy  
At the least, I think she'd probably find an athlete  
Actually, after me, it's nothin' but a catastrophe  
Coincidentally (Ooh), I need you mentally (Ooh)  
Get a lil' buzz, you go beyond and in- (To infinity and)

Shut up, babe, don't ruin the moment (Don't do it)  
Aren't you tired of bein' alone?  
And don't you ever feel like you tired of searchin' for somebody like me? Like me (Like me, like me)  
Shut up, babe, don't ruin the moment (Don't do it)  
Aren't you tired of bein' alone?  
And don't you ever feel like you tired of searchin' for somebody like me?  
Movin' like you don't know where the fuck to find me (Don't cry)  
Movin' like you don't know where the fuck to find me (Don't cry)

Big shot, now you got a fan interrupting  
Gassed up 'cause you think that you're gonna fuck me  
Gassed up, but my homegirls think you ugly  
Gassed up, high as fuck, talkin' 'bout your money  
Gassed up, slow as fuck, reachin' for the check

Out of gas, 'bout to crash, I'm a fuckin' wreck  
'Cause my last did me bad as a heart attack, yeah  
Uh, look (With your stupid-ass)  
You wonder why I'm laughin' as your Wi-Fi laggin'  
You tryna post some shady shit in your caption, but I ain't active  
I'm a grown-ass man, I don't grovel over no 'Gram  
You cryin' 'cause you ain't mine, you fine, but I don't care  
As far as the future, well, you know it's up in the air  
Like a ribbon in the sky, just kiss me and say goodbye  
'Cause you know it ain't fair when you love him and tellin' lies  
Trouble is on the rise if we do this in disguise, on the low (Oh no, oh no)

Shut up, babe, don't ruin the moment (Don't do it)  
Aren't you tired of bein' alone?  
And don't you ever feel like you tired of searchin' for somebody like me? Like me  
Shut up, babe, don't ruin the moment (Don't do it)  
Aren't you tired of bein' alone?  
And don't you ever feel like you tired of searchin' for somebody like me?  
Movin' like you don't know where the fuck to find me (Yeah)

Cállate y no cagues el momento (Papi)  
¿Cómo no te mamas de buscar amor? (Okay)  
¿Y algunas veces no te cansas de buscar lo que está al frente de ti, de ti?  
Cállate y no cagues el momento (Mami)  
¿No te mamas de buscar amor? (Dime)  
¿Y algunas veces no te cansas de buscar lo que está al frente de ti?  
Como si yo no estuviera aquí (Don't cry)  
Movin' like you don't know where the fuck to find me (Don't cry)
