Play the game (Play the game)  
By the code (By the code)  
Don't change on me, gang (Don't change)  
Know your role  
Never trade for my soul  
Won't betray my bros  
And to my baby, baby, don't you go  
I don't wanna say, "So long, so long"  
Let's be unafraid to weather storms, it's candy rain  
Never switch up on me, don't change

Don't switch up on me, don't switch up on me, no, no  
Never switch up on me, never switch up on me, no (Oh-oh)  
Trust me (Oh-oh), loyalty (Oh-oh)  
Love me (Oh-oh) wholeheartedly (Oh)  
Don't switch up on me, don't switch up on me (Never switch up on me)  
Never switch up on me, never switch up on me, no  
Trust me, loyalty  
Love me wholeheartedly (Yeah, uh)

I've been countin' my blessings and spendin' 'em too  
I know to keep it solid, on the other side, seein' it through  
Never switch on me, this ain't no multiplayer, mobile racer  
Pick your mood up, party favor  
Red and green light, do we stop or go?  
Rev the engine, then I lock the door (Lock the door)  
I guess on this road, I cannot control, releasin' the reigns  
Fell like a fetish, I needed the pain  
You gon' regret if we do it in vain  
I ain't tryna hold no grudge (Grudge)  
I ain't tryna lose no love (Love)  
They play roles like call time  
Cross lines and we offline

Never change, pick a side (Woah, woah)  
Make a play for the squad (Woah, woah)  
Word to Zay, hit the 'za (Woah, woah)  
Put a plane in the sky (Woah, woah)  
For my gang, I thank God (Woah, woah)  
Everything, we pray for ours (Woah, woah)  
We was lookin' at the same stars (Woah, woah)  
Now we ridin' in the same cars (Woah, woah)

And if the world is out for you  
It's just like they out for me  
Don't know what we 'bout to do  
Just like Thelma and Louise  
Just like you need house and food  
Just like you need air to breathe  
So high at this altitude  
Seen so much, you can't believe  
But if we talkin' 'bout the truth, this could be the proof  
I'ma break the rules, chillin' with the crew  
Crashed in the coupe, Crash Bandicoot  
Cleanin' out the cash, stash out the loot  
That was in the past, we were playin' Fewtch  
I've been livin' fast, life been on a loop

Look out for my back like I do for you  
Niggas switchin' sides, this shit brand new  
Bitches birdbrained, niggas brain dead  
Keep the same gang like LeBron did  
Tell them lame niggas, "Move along"  
So you see the snakes when you do your lawn care  
If you love me, tell me when I'm wrong then  
If you loyal, you should play this song then  
You're my baby, come and put it on me  
Long as you ain't bein' phony, only

Don't switch up on me, don't switch up on me, no, no  
Never switch up on me, never switch up on me, no (Oh-oh)  
Trust me (Oh-oh), loyalty (Oh-oh)  
Love me (Oh-oh) wholeheartedly (Oh)  
Don't switch up on me, don't switch up on me (Never switch up on me)  
Never switch up on me, never switch up on me, no  
Trust me, loyalty  
Love me wholeheartedly (Yeah, uh)
