

# BLUSH

Jidenna

Ha-ha-ha shit  
I ain't even gonna hold you  
You got me giddy with your pretty self  
You got me...

Drivin' from the Valley to the LBC  
The homies sayin' "damn, you spending gas on that?  
Is the pussy made of juice, is the ass so fat?" (ooh wee)  
My nigga, please, believe  
Yeah, my love's tatted on my sleeve, my sleeve  
The heart is just a muscle, gotta squeeze the squeeze  
And if it breaks, you rebuild it, if it bleeds, it bleeds

I...  
Make you yell to the sky  
When I'm grabbin' around your hips with my head in your thighs  
Called my dog in Khartoum  
He said bruh that was soon  
She ain't even moved in yet but you call it y'all room  
I'm in love with ya Pearl  
Comin' up in this world  
I mean your boys would call you gay when you crush on a girl  
That's the way we was raised  
In a way we was hazed  
Keep it cool pimpin' your feelings must stay in the shade

I...  
It's what it is  
When I love a woman I ain't afraid to commit  
Only when we fuckin' am I gon' call you my bitch  
Though I really hate to admit I know I need ya

I...  
I came with my mask off  
Your kiss won't disappear  
Baby, it's crystal clear

I...  
Niggas don't blush no more  
But they wanna fuck you raw  
Baby but for you I'd cry

I...  
Niggas don't blush no more  
But they wanna fuck you raw  
Baby but for you I'd...  
Cry  
Cry  
Cry  
Cry  
Cry  
I'll take off my cool for you, babe  
Cry  
And cry

Ha-ha, you got me singin' off in a corner  
I can't even talk to you on the phone in public no more

'Cause you make me talk, baby, talk  
But the real thing is, um  
It don't matter if I go into the other room or  
Slide in your womb or  
'Cause I love you, baby, no homo
