No, no, no, no  
Mm, mm  
Don't go n' leave me  
Don't go n' leave me  
Don't go n' leave me yo  
Mm, mm  
No, no

I thought of leaving  
I want a kid  
I want the world  
I want the isle  
I want to live  
She got a grievance  
She want the kid  
She want the kid  
She want the car  
She want the crib

I got to admit it might be about that  
My moves need to be about that  
Body pullin' me to feel you  
Try to leave ya, but I still don't go

Even if I wanted to  
I come back around  
Even if I wanted to  
I come back and we just go around, babe

Bang, bang, boomerang  
Do you love or hate me now, babe  
Bang, bang, boomerang  
I can't believe it all began with a joke and champagne  
I really never cared about it  
If you plantin' or plantain

When you got me feelin' like boomerang  
Boomerang, boomerang, bang  
When you got me feelin' like boomerang  
Boomerang, boomerang, boomerang, bang

I got no need to pretend I know  
I got no need to pretend I know  
I got no need to pretend I know  
She want key  
She want the car  
She want the crib

I might admit, it might be about that  
My moves need to be about that  
Body pullin' me to feel you are you  
Try to leave ya, but I still don't go

Even if I wanted to  
I come back around  
Even if I wanted to  
I come back and we just go around, babe

Bang, bang, boomerang  
Do you love or hate me now, babe  
Bang, bang, boomerang  
I can't believe it all began with a joke and champagne  
I really never cared about it  
If you plantin' or plantain

When you got me feelin' like boomerang  
Boomerang, boomerang, bang  
When you got me feelin' like boomerang  
Boomerang, boomerang, boomerang, bang

Lookin' out and I wonder 'bout the things I do  
Lookin' out and I wonder 'bout the things I do

Drinkin' my Seagrams  
I got this I don't need friends  
You taught me that I need them  
'Cause everything come back around, babe

Bang, bang, boomerang  
Do you love or hate me now, babe  
Bang, bang, boomerang  
I can't believe it all began with a joke and champagne  
I really never cared about it  
You be plantin' or plantain

When you got me feelin' like boomerang  
Boomerang, boomerang, bang  
When you got me feelin' like boomerang  
Boomerang, boomerang, boomerang, bang
