FRONT END

Jidenna

I wanna tell you from the jump
You a motherfuckin' vibe
You at the top of my roster
Hope I'm at the front of your line
Girl you know you got me stuck
'Cause you a motherfuckin' vibe
Only reason I get money
Baby, is so we can spend time
Baby, is so we can spend—
Looking to fuck
Then I fucked
I couldn't get enough
Caught a rush
Gimme the cheeks
(Gimme the boots, fam)
Bussin' her back
Now I'm attached
Would you look at that?
Sex on the beach
Got a nigga texting, "Call me back"
Doin' the math
2:30 AM
We just took a nap
Fuck up the sheets
Woke you up
Just to run it back
I can't cap
She just want a nigga to stay and clap
Round of applause

I can't put myself out there for nothing, mm
Show me signs, show me something, mm
I wanna know on the front end
I wanna know on the—
I can't put myself out there for nothing, mm
I gotta know on the front end
Let me know on the front end
(Talk-talk to me)

Checkin' my text
Sent me the nudes
Drop me the Addy too
I'm in pursuit
Might be in love
What is you doin' to me?
Bit of a doozy
Shit got sticky (Sticky)
Gooey-ooey
Ooh-wee, ooh-wee (Ooh-ooh)
Pretty feet, uh
Coppertone cheekbones
Look like Nia Long
You and me, Venice Beach
Sippin' CasaMigos
Got me doin' things different
Baby, put me on
Ooh-ooh

Gotta know on the front end if you really with the shits
Gotta know on the front end you want kids before we kiss
I gotta know on the front end, I don't like to shoot and miss
Gotta know on the front end
Baby, on the front end, front end

I can't put myself out there for nothing, mm
Show me signs, show me something, mm
I wanna know on the front end
I wanna know on the—
I can't put myself out there for nothing, mm
I gotta know on the front end
Let me know on the front end
(Talk-talk to me)

I don't wanna move with caution
If you wonder, girl, I'm all in
So before I get to fallin'
Baby, show me that you're all in
