

PULLOUT

Jidenna

Baby, I fucked and got too deep
Fucked and got too deep
Baby, I know this love ain't cheap
Fucked and got too deep

You wonder why I'm staring out in space
Early in the morn', girl, you told me that you late (Ooh-oooh)
I front like that ain't heavy on my plate
I'm praying while I play out seven hundred different fates
Grasping, that honeymoon was monk fruit
Now, in a flash, life laughs when it punks you
Mind keep on looping, I keep replaying one move
Pull out, pull out, pull out
Pull out, pull out, pull out

Baby, I fucked and got too deep (Too deep, too deep)
Fucked and got too deep
Baby, I know this love ain't cheap (Spit it out, spit it out)
Pull out, pull out, brain might be too steep (Yeah)
Pull out
Baby, I fucked and got too deep (Pull out, pull out)
Brain might be too steep (Be too steep)
Baby, I know this love ain't cheap (Yeah, yeah)
Pull out game wasn't strong enough
Pull out game wasn't strong enough
Baby, I fucked and got too deep (Yeah, fucked and got too)
Pull out [?]
Pussy made me rethink, ooh
Baby, pull out, fucked and got too
Pull out, pull out
I, pull out, pull out
