

## SITUATION

Jidenna

I'm in a situation  
There's a lot on my heart and my mind  
You put me on probation  
I wish I wish I could rewind

Parts of me you once fell for  
They don't feel as charming to you now  
Doors to your heart are closing  
Will I make it back inside

I'm in a situation  
There's a lot there's a lot on my mind  
You put me on probation  
I wish I wish I could rewind

Man can't live by bread alone  
You need a faithful woman who be praying with stones  
Man can't live by bread alone  
Ah ah ah  
Girl I know  
Will I make it back inside?

I'm in a situation  
There's a lot there's a lot on my mind  
You put me on probation  
I wish I wish I could rewind

I'm in a situation  
There's a lot there's a lot on my mind  
You put me on probation  
I wish I wish I could rewind
