L-Lindgren

Something that I can't deny
The moment you put your mouth on it
Something your whole body feels
Something that I can't explain
But so special
Close your eyes and focus

It's time to wake up
Only the sound I hear inside
I want to listen and follow you (That's what you do)
I'm losin' all my senses
You're takin' me to places
And you know all that I can say is

You're killin' me, killin' me good, good, good (So good, so good)
Feelin' things I never knew that I could, ooh, ooh, ooh-ooh
This feeling you make (So good, so good)
I think of you every ten seconds, I'm surprised by your appearance
You're killin' me, killin' me good

You're makin' me feel something new, hey
You're makin' me feel so brand new

You know me better than me
Oh, you keep on making me say
"Oh, my, oh, my"
Don't stop, just two words endlessly
Whisper in your ear
Take me so high

Time to entrust you to me
Prepared for you now
I'll show you only to you (That's what I'll do)

I'll let you lose your senses
And make you and go to places
Then I know all that you can say is

You're killin' me, killin' me good, good, good (So good, so good)
Feelin' things I never knew that I could, ooh, ooh, ooh-ooh
This feeling you make (So good, so good)
I think of you every ten seconds, I'm surprised by your appearance
You're killin' me, killin' me good

You're makin' me feel something new, hey
You're makin' me feel so brand new

Oh-oh
Keep me honest
I can express everything
So it comes out of my mouth
Oh-oh
You're dangerously sweet
So i keep wanting
I just can't help but to say

You're killin' me, killin' me good, good, good (So good, so good; Yeah, yeah
)
Feelin' things I never knew that I could, ooh, ooh, ooh-ooh (Ooh)
