Nightmare

Nightmare

You're running that started without fear
Without anybody knowing about it
You didn't know how to stop
Above the pitch-black vision
With a blurry face
Look at me hidden

A daily agony
With this huge nightmare today
I will swallow you up easily
In this night, forever nightmare
In the deep night where everyone's asleep
Only the strangeness of the two of us
Hurry and run, hurry
Run away from me

Ni-nightmare, nightmare
I'm your nightmare, I'm your
Can't escape, can't escape, I'm your nightmare
I'm your nightmare (Ni-nightmare)
I bother you one by one
Over your scared face, curse on you
Can't escape, can't escape, I'm your nightmare
I'm your nightmare (Ni-nightmare)
Nightmare

The countless bright red lies that leaked out of that mouth
A wounded heart, just for you
In the motionless struggle
Two swaying pupils make me go crazy
I don't want you to wake up, just like this
All night and day

Heartbeat getting louder
Don't stop me from moving
I swallow you comfortably
This night, in an eternal nightmare

Even if I run, there is only one road
Thickened fog with silence
Run quickly, hurry
Run away from me

Ni-nightmare, nightmare
I'm your nightmare, I'm your
Can't escape, can't escape, I'm your nightmare
I'm your nightmare (Ni-nightmare)
I bother you one by one
Over your scared face, curse on you
Can't escape, can't escape, I'm your nightmare
I'm your nightmare (Ni-nightmare)

Night
Oh, what can I do?
I'm your nightmare
I'm your nightmare
I'm the only tagger
A midnight of confusion
In a vast night with no way out (Woah-oh-oh, yeah)

Ni-nightmare, nightmare
I'm your nightmare, I'm your (Woah-oh-oh)
Can't escape can't escape, I'm your nightmare (Nightmare)
I'm your nightmare (Ni-nightmare)
I bother you one by one
Over your scared face, curse on you
Can't escape, can't escape, I'm your nightmare
I'm your nightmare (Ni-nightmare)
