

# Talkin' About It

JHYO

Up in my face, up in my space  
Life got me workin' for a clean slate  
Might lose my mind, until you come by  
So we can be done with all these bright lights  
And everyone, everyone, everyone  
Tryna know about our life, ayy  
'Cause they know, yeah, they know that we're rare  
And we ain't gonna happen twice

Talk about  
We always gonna be the thing they talk about  
It's way too loud  
Let 'em talk it out  
We always gonna be the thing they talk about  
I don't think they know, oh, oh, oh-oh

Oh, oh, oh, oh-oh  
Talkin' about it  
Oh, oh, oh, oh-oh  
Talkin', talkin' about it  
Mm-mm, mm-mm  
Mm-mm, mm-mm  
Oh, oh, oh, oh-oh  
I'm still the one who's in control

This kind of thing is way too magical  
Could barely stay down on the low  
Up on a stage, we make it so theatrical  
And when the lights go down, we're putting on the real show

Talk about  
We always gonna be the thing they talk about  
It's way too loud  
Let 'em talk it out (Talk it out)  
We always gonna be the thing they talk about  
I don't think they know, oh, oh, oh-oh

Oh, oh, oh, oh-oh  
Talkin' about it  
Oh, oh, oh, oh-oh  
Talkin' talkin' about it  
Mm-mm, mm-mm  
Mm-mm, mm-mm  
Oh, oh, oh, oh-oh  
I'm still the one who's in control

I said there's nothing left to talk about (Oh, yeah)  
'Cause you're here, so who cares what they talkin' about (Oh, yeah)  
It's unfair that we can't be ourselves together  
Run away, let's leave the pressure, you are all I need forever  
Brand new me moving too fast  
2023, I'm in a new bag (New bag)  
Undercover denims with the good Raf (Hoo)  
And if they talking give 'em something to look at, damn  
Ride around Seoul, where my roof at?

Ain't nowhere for you and me to sneak past  
Cheongdam-dong, blowing real cash (Hey)  
And I got Jihyo with me better not talk back (Woop, woop, woop)

Oh, oh, oh, oh-oh (Yeah, yeah)  
Talkin' about it  
Oh, oh, oh, oh-oh (Yeah, yeah, yeah, yeah)  
Talkin' talkin' about it  
Mm-mm, mm-mm (Oh, oh)  
Mm-mm, mm-mm (Oh, oh)  
Oh, oh, oh, oh-oh  
I'm still the one who's in control
