

# Homemaker

Jill Barber

Dishes won't do themselves  
Dust upon the shelves  
And time's impossible to find  
Is anybody gonna help  
Tidy up these toys  
Or the clutter in my mind?

If all you wanna do is run  
I won't tell anyone  
You're a secret fantasy  
If all you wanna is cry  
I won't even ask why  
I'll just hold the box of tissues for you  
Homemaker, it's okay  
If today, the only thing you make  
Is you make it through the day

A couple of kids to raise  
And never get any praise  
Just a sideways glance  
I might've screwed it up today  
I didn't mean for it to go that way  
Another day's another chance

If all you wanna do is hide  
And lock yourself inside  
The bathroom, I will guard you  
Protect and misdirect  
The ones out searching for you  
Just until you catch your breath  
Homemaker, it's okay  
If today, the only thing you make  
Is you make it through the day

Butterfly kisses and eyelash wishes  
I know they say it goes so fast  
Well, they say "Enjoy it well, it lasts"  
But homemaker, it's okay  
If today, the only thing you make  
If today, the only thing you make  
Is you make it through the day

Dishes won't do themselves  
Dust upon the shelves  
And time's impossible to find
