

# I Hooked Your Heart

**Jill Barber**

I was havin' fun  
Just a moment in the sun  
I cashed the first glance  
You had your chance to run

I hooked your heart  
But then I threw it back to see  
I gave you a head start  
But you came runnin' back to me

[illegible]

I was hangin' out  
On the dock of the bay  
Without a shadow of a doubt  
The sun came out to play

I hooked your heart  
But then I set it free  
Gave you a head start  
But you came runnin' back to me

[illegible]

I see the ocean in your eyes  
I see the mirror to the skies  
I see you and I

I was havin' fun  
Just a moment in the sun

I hooked your heart  
I hooked your heart  
I hooked your heart  
I hooked your heart  
I hooked your heart  
I hooked your heart

[illegible]

Never gonna come apart  
Never gonna come apart
