

One True Love

Jill Barber

Tooth and nail I would fight for you
Use my heart like a fist till it's black and blue
Cause when you find your one true love
That is the time to show what you are made of

Get in the ring, show them who you are
Tougher than they think
Each time you raise the bar
There's a sucker born everyday
You don't wanna get hurt
Then get out of the way

Put em up and knock em down
Spin your baby all over town
Go out get drunk act like a clown
And then fight

For your one true love
Your one true love
If you believe in that sorta thing like I do
Your one true love
Your one true love
If you believe in that sorta thing like I do

Sure I've loved and lost before
Bitten and bruised and sorry and sore
But this time I am back for more
And to fight

For your one true love
Your one true love
If you believe in that sorta thing like I do
Your one true love
Your one true love
If you believe in that sorta thing like I do

Like I do
Like I do
Like I do
Like I do

Tooth and nail I would fight for you
