I said, preacher man
Whatcha trying to do?
Tryna get this money
'Cause that's all you do
When mama ain't got squat
But ya take that too
You ain't good for the people
That's why I ain't moved
Where's the universities?
Yeah!
Where's all the food for free?
Yeah!
People can't pay their bills
But you're still riding 'round in a Coupe de Ville

Got me dying to heal
Keep me in the hospital
Bills sky high
Suppress my symptoms
Till I die
With a little pill
Until I die
What you trying to do to me?
Yeah!
Keep me coming back like a ho on a track, and that's a fact

Ladies and gentlemen, it's my great pleasure

An expert of pimpology
Biggest pimp of the year
Thank you for being here
Sure
Could you expound on the mentality of a pimp?

Bitch, I got you hooked on me
Whatever I want is what you gon' be
You choose me, you won't need another plan or another man
Just put the money in my hand, yeah, I'm pimpin'
But don't be confused
'Cause being used ain't the same as paying dues
I get mine and you get nothing
And everybody's happy, no huffin' and puffin'
If you want my love, you gotta give me more
That's the relationship between a pimp and a whore
I just run a little game first
It's her treat, everything's on her

She bought me two cars, but I don't need those
I need prostitutes, more hookers and hoes
'Cause they love daddy, I make 'em fiend for me
Work hard for the money, then bring it to me
