

Don't Play

Jill Scott

Baby, don't play with it
Baby, don't play with it
Aw baby, don't play with it
Baby, don't, baby, don't
Aw baby, don't play with it

Baby, don't play with it
Baby, don't play with it
Aw baby, don't play with it
Baby, don't, baby, don't
Aw baby, don't play with it

You just been humping me
Shallowly, superficially, babe
Don't close your eyes
You can see and feel at the same time
Touch me all over
Squeeze my meat
Everything on me got feeling
Change the position up
Give me Afrobeats
Please me hard
So hard like a K-Dot lyric, then
Sweet
As my grandma's yams
With the marshmallows on top
Pineapples and candied pecans, come on

Baby, don't play with it
Baby, don't play with it
Baby don't, baby, don't play with it
Baby don't, aw, baby don't
Baby, don't play with it
Baby, don't play with it
Baby, don't play with it
Aw baby, don't play with it
Baby, don't play with it
Aw baby don't, baby, don't play with it

Free your fantastic mind
When you're here with me
You ain't no jackhammer
I ain't no city street
I'm a grown wonder woman
Alive and free
Let me get that good love you've been promising

Baby, don't play with it
Baby, don't play with it
Baby don't, baby, don't play with it
Baby don't, aw, baby don't
Baby, don't play with it
Baby, don't play with it
Baby, don't play with it
Aw, baby don't play with it
Baby don't, baby don't
Aw baby don't, baby, don't play with it

'Cause I wanna get down, I wanna be up
I wanna be high, I wanna make love
To you and ooh
Only you, ba-baby
I got that action
Mental and mattress satisfaction
I want the whole and not a fraction when you're with me
