

Thickness

Jill Scott

Whoa!

She a big chick,
Big ol' legs
Big ol' thighs
Big ol' hips
Big ol' ass
Big ol' tits

She so big!

Won't nobody even try to reach her mind

Age 14,

Eyes green

Young tender, supple, and fine

Hear them,

All those oohs and ahhs slip as she lick her lips

Oh, they want to fuck her

The want to rub their dicks on her precious clitoris,

They want to watch them big gold titties settle and part a bit

They want to talk about it

Tell it

Spread it

Relive the conquest

How they beat on that ass and how they knock that shit

Don't stop

Won't stop

To recognize that there's more

More underneath that thickness

That sweet and round brown young tender thickness

Now they like her quiet and eager

Sweet and meagre

Shhhhhh!

Don't you complain about my other women

Just drop that big thick ass on my stiffness

Make me nut all up on your gut with the quickness

Don't stop

Won't stop

Lift it

Yea girl lift it

Lift it baby

Drop it again

Cause I ain't your tribesmen no more

I ain't your friend

Come on girl just let me in

Let me into all that thickness

That sweet and round brown supple bigness

Cause she so big won't nobody even try to reach her mind

She's been degraded, exploited, NOT celebrated

Saturated with self hatred

Let me say that again please:

She's been degraded, exploited, NOT celebrated

Saturated with self hatred

Cause every time she turns on the TV
What does she see, "big ol' booty"
And it don't have nothing to do with the song

Thus, her definition of beauty
Thus, her definition of beauty

Oh, oh, oh Lord
Oh Lord
Oh Lord

Let her
Let her recognize the magnificence you've created
Lift her
Lift her
Lift her

Let her be elevated
Let her be elevated
Lord, Lord
Let her be elevated
Let her be elevated

Cause she is so big
She so big
She so big
She so big
She so big
She so big
She so big
She so big

Let her be elevated
Let her be elevated
