

# Spiderman

Jill Sobule

I get out of the underground  
Near Hollywood and vine  
I had the whole train to myself  
No one ever rides

I'm in my costume  
My mask and tights  
I'm Spiderman, I'm Spiderman

They're calling for a lovely day  
The tourists sure are out  
And here comes one as I speak  
To take my photo now

His daughter jumps up on my back  
She wants to climb the walls  
We're Spiderman, we're Spiderman

I moved out here from Evansville  
Seven years ago  
The first week I'm an extra on  
Well, you know that TV show

And if you blink you miss me  
But you can't miss me now  
I'm Spiderman, I'm Spiderman

Did you hear there was a fight?  
They arrested Captain Jack  
And Princess Leia got so trashed  
She won't be coming back  
Like Spiderman, like Spiderman

Now the sun is going down  
On the boulevard  
A German couple try to match  
The footprints of the stars

The tips were pretty good today  
Tomorrow I'll return like Spiderman  
I'm Spiderman, like Spiderman  
Spiderman
