

# Not Tonight

Jillette Johnson

Close the door, shut out the light  
Put your head onto a pillow and sleep tonight  
Hold me close, hold me tight  
You can tell me in the morning, not tonight

And away we go like fish under the water  
Riding on  
Sky is clear, stars are bright  
You can tell me in the morning, but not tonight

It's you and me against the clock  
No time to worry, no time to stop  
Take off your coat and lay me down  
And tell me that you love me without a sound

And away we go like fish under the water  
Riding on  
Sky is clear, stars are bright  
You can tell me in the morning, but not tonight

Old habits die hard  
Old habits die hard

And away we go like fish under the water  
Riding on  
Sky is clear, stars are bright  
You can tell me in the morning, but not tonight  
You can tell me in the morning, but not tonight
