

# Peter Pan

Jillette Johnson

We don't get drunk on Tuesday nights anymore  
We don't don't have the stink from the weed  
With the towel on the bathroom floor anymore

Everyone's got something to wake up for  
Doubling, coupling, only doing couple things  
We don't get drunk on Tuesday nights anymore

Well I guess I'm the only one,  
I'm the only one,  
I'm the only one left in Neverland

Hey where ya going?  
Aren't you sick of growing?  
I'm the only one left in Neverland

We don't take trips no little white tricks anymore  
We don't fade away  
let the world decay on the bathroom floor anymore

Everyone does what they can get paid for  
Puppet strings, puppet strings, money moves everything

We don't take trips for the shit of it anymore

Well I guess I'm the only one,  
I'm the only one,  
I'm the only one left in Neverland

Hey where ya going?  
Aren't you sick of growing?  
I'm the only one left in Neverland

Me and Peter Pan

We don't wanna ever leave

Oh oh oh  
All I need is my shadow  
Oh oh oh  
And all the rest is hollow  
oh oh oh  
And all the rest is hollow

Well I guess I'm the only one,  
I'm the only one,  
I'm the only one left in Neverland

Hey where ya going?  
Aren't you sick of growing?  
I'm the only one left in Neverland

Me and Peter Pan

We don't wanna ever leave

Don't even think I can

Our never Neverland
