

# Magnet

Jillian Edwards

## Verse 1

I wanna be right, right here in the middle of Your story  
I wanna run like a river to the places You call me  
Close enough to feel the stillness when You speak  
Nothing between us, just You and me

## Chorus

So let me be a magnet to everywhere You move  
Lead me to the center of everything You do  
And when I start to wonder away from what is true  
Pull me back, pull me back, pull me back  
Pull me back to You  
(Pull me back to You, pull me back to You, pull me back to You)  
Pull me back to You  
(Pull me back to You, pull me back to You, pull me back to You)

## Verse 2

I wanna stay right, right here in the safety of Your shadow  
I wanna dance in the dark 'cause I know You hold me close  
Oh, Your presence is the only thing I need  
No independence, with You, I'm free

## Chorus

So let me be a magnet to everywhere You move  
Lead me to the center of everything You do  
And when I start to wonder away from what is true  
Pull me back, pull me back, pull me back  
Pull me back to You  
(Pull me back to You, pull me back to You, pull me back to You)  
Pull me back to You  
(Pull me back to You, pull me back to You, pull me back to You)

## Bridge

In You, my joy is found  
In You, my hope is found  
In You, my peace is found  
I'm drawn to You forever  
In You, my joy is found  
In You, my hope is found  
In You, my peace is found  
I'm drawn to You forever  
I'm drawn to You forever

## Chorus

Let me be a magnet to everywhere You move  
Lead me to the center of everything You do  
And when I start to wonder away from what is true  
Pull me back, pull me back  
Let me be a magnet to everywhere You move  
Lead me to the center of everything You do  
And when I start to wonder away from what is true  
Pull me back, pull me back, pull me back  
Pull me back to You  
Pull me back to You
