

Keep This Safe

Jillian Jacqueline

I've got a way of breaking things
Jumping the gun before the count of three
Asking for love like it grows on trees
And lying to the ones that tell the truth to me

I've stolen hearts just to pawn them off
Burn all the evidence to not get caught
Never met a promise that I could keep
Yeah you could say I've got a way of breaking things

But now my hands are holding tightly
To the heart stop this just might be
I used to leave, it was so easy
To throw it all away
But now I wanna keep this safe

I used to dance on the highest ledge
Tightrope a heart just to say I did
Turns out the grounds maybe not so bad
Cause you're the best rush that I ever had
Baby, you're the best rush I ever had

And now my hands are holding tightly
To the heart stop this just might be
I used to leave, it was so easy
To throw it all away
But now I wanna keep this safe
Safe, safe, keep it safe
When it comes to you I'll do whatever it takes
Stay, stay, baby, stay
I'll show you all I wanna do is keep this safe
Safe
Safe

And now my hands are holding tightly
To the heart stop this just might be
I used to leave, it was so easy
To throw it all away
But now I wanna keep this safe
Keep this safe
